

A Guide to Projecting Deluxe eBooks from a Computer to a SMART Board Using Google Books

Step #1

Don't have a Google account? Create one at <http://accounts.google.com/NewAccount>

(You already have a Google account if you use Gchat, Gmail, or Google+.)

Step #2:

Access your Google account at <http://play.google.com>

Step #3:

Search for the deluxe eBook you'd like to read, then follow the steps to check out.

Step #4:

Click on the "My Books" tab to access your book library, and select the deluxe eBook you'd like to read or project from your book library.

Step #5:

Once you've made a selection, connect the computer to your SMART Board. Enjoy!
