THE GREAT INFLUENZA
The Epic Story of the Deadliest Plague in History
Revised Edition

At the height of WWI, history's most lethal influenza virus erupted in an army camp in Kansas, moved east with American troops, then exploded, killing as many as 100 million people worldwide. “[A] lively, artful, and very well informed account of the flu epidemic in 1918-1919, which killed more people than the guns and bayonets of World War I.” — The New York Review of Books. Also includes a new afterword on the H1N1 virus.

Molly Caldwell Crosby

ASLEEP
The Forgotten Epidemic that Remains One of Medicine’s Greatest Mysteries

“The engaging story of the outbreak of a bizarre disease...Crosby is a fine storyteller, peppering her case studies with facts about the history of neurology and details about 1910’s New York. She also provides fully realized portraits of not only her case studies’ patients, but also the brilliant doctors who treated them.” — Kirkus Reviews.

Laurie Garrett

THE COMING PLAGUE
Newly Emerging Diseases in a World Out of Balance

A fifty-year journey through the world’s battles with microbes and an examination of worldwide conditions that have culminated in recurrent outbreaks of newly discovered diseases, epidemics of diseases migrating to new areas, and mutated old diseases that are no longer curable. Garrett argues that it is not too late to take action to prevent the evolution and spread of viruses, and offers possible solutions for a healthier future.

CRAZY
A Father's Search Through America's Mental Health Madness

This is the Earley family’s story, a troubling look at the bureaucratic apathy and the countless thousands who suffer confinement instead of treatment, thousands who suffer confinement instead of treatment, stuck in the “revolving doors” between hospital care and brutal conditions instead of treatment, and justice, and an enthralling portrait of a father who refused to surrender.” — Bebe Moore Campbell, author of Two Girls, Three Boys.

T. R. Reid

THE HEALING OF AMERICA: A Global Quest for Better, Cheaper, and Fairer Health Care

In response to the current health-care crisis, Reid embarks on a global quest to prove that other democratic, free-market countries with supposedly "socialized medicine" are able to do what American health care can't: offer universal health care at a reasonable cost. "Blends subjective and objective into a seamless indictment of our own disastrous system, an eloquent rebuttal against the arguments used to defend it, and appealing alternatives for fixing it."—The New York Times.

**WHAT I THOUGHT I KNEW**  
“This ‘patient story’ is captivating, beautifully written, inspiring and should be read by every medical school student....Physician educators may do well to utilize its narrative to elicit discussion about the power (both detrimental and beneficial) of the doctor/patient relationship, the consequences of misdiagnoses, the imperative of integrity and the importance of active compassionate listening. In short, *What I Thought I Knew* is a validation of the need for Humanism in the practice and applied science of medicine.”—Jeffrey Trilling, M.D., Associate Professor & Chair, Department of Family Medicine, Stony Brook School of Medicine.

Join the
PENGUIN GROUP (USA)
College Faculty Information Service

Penguin Group (USA) offers course adoption assistance as near as your phone or computer. Over the past few years, the College Faculty Information Service has grown to cover a wide range of fine titles from all Penguin Group (USA) imprints in a continuing effort to offer personalized service to college professors and enhance information provided by our college reps in the field.

HOW THE SERVICE WORKS

Any assistant, associate, adjunct, or full professor who teaches in the United States and regularly adopts paperbacks is invited to join the Penguin Group (USA) College Faculty Information Service. Simply complete and return the questionnaire on the next page, and we’ll send you catalogs relevant to your courses and ordering information. Thereafter, you can contact us anytime to discuss appropriate titles and free exam copy choices.

HOW THE PROGRAM WILL HELP YOU

Through CFIS, you’ll receive information on new and forthcoming books of interest to you and free exam copies for possible course adoption. Our representative will be glad to review Penguin Group (USA)’s extensive backlist—an invaluable aid in developing new courses, and answer any questions about our titles that you may have. We’re available to discuss not only current titles but your ideas on books that you’d like to see Penguin publish. We value your suggestions—they assist us in acquiring books that are most relevant to you as educators.

INTERESTED?

Look through this catalog and note the outstanding books and low prices that have made Penguin Group (USA) the first choice of educators. Then fill out the questionnaire and send it to us.

The questionnaire is also available on our website:

http://us.penguingroup.com/academic

It’s the first step to a collaborative process—a collaborative process that will help you select the best books (at the best prices) for your courses.
PENGUIN GROUP (USA)
College Faculty Information Service Questionnaire

Yes, I am an assistant, associate, adjunct, or full professor in a U.S. university or college and want to take part in PENGUIN GROUP (USA)’s College Faculty Information Service. I participate in decision making and agree that the purpose of requesting examination copies is to consider them for adoption in the courses I teach.
