Questions for Mothers and Daughters to Discuss

In Eleven, Mrs. Perry casually suggests that Winnie invite Dinah to the Halloween party. When Winnie says that Dinah’s “not the Halloween type,” Mrs. Perry delicately says, “It’s your decision.” If your mom wanted you to invite someone you didn’t like to a party, how would you react? Do you think that Mrs. Perry handled the situation well? What about Winnie?

Throughout the series, Winnie often comments on Dinah’s close relationship with her father. Many kids today are raised by a single parent—perhaps you are one of them, or know someone who is. How do you think this affects the process of growing up? What are the differences between mothers and fathers? As a girl, how would life be different being raised only by your father, or only by your mother?

In Twelve, Winnie seems mortified to go bra shopping with her mom. Why do you think she’s so embarrassed? Is she afraid that wearing a bra will make people not like her? Is there something else that’s making her hesitate?

In Thirteen, Winnie finds out that Mrs. Perry is pregnant, and in Thirteen Plus One, we see what life is like at home with a new baby. How do Winnie’s pregnancy and Maggie’s arrival affect the Perry family? If you got a brand-new sibling today, how would you react? Do you think that Winnie handled the situation well? What about Maggie?

Winnie’s boyfriend, Lars, is growing up too fast, leaving Winnie behind. Winnie finds out that Mrs. Perry is pregnant, and in Thirteen Plus One, we see what life is like at home with a new baby.
