NEW TITLES IN EUROPEAN HISTORY

DIARMAID MACCULLOCH
Silence: A Christian History
A provocative history of the role of silence in Christianity. MacCulloch shows how those choices to emphasize silence as an essential part of the message and form of worship, and how those choices have profoundly shaped the course of Western history, from the church’s invention of slavery and its interior logic to the influence of mysticism, apocalypticism, and musical innovation.

DAVID LASKIN
The Family
Three journeys into the heart of the Twentieth Century
An epic work of twentieth-century history, delivered through the striking story of one extraordinary Jewish family. Focusing on the extraordinary Jewish family of the Roses and their relatives since 1815, the book explores national and international settings. “A prodigious work: a master historian’s reconstruction of how individuals and nations have sought to promote national interests in ever more complicated international settings.”—Fritz Stern

NEW TITLES IN EUROPEAN HISTORY

DIARMAID MacCulloch
Silence: A Christian History
A provocative history of the use of silence in Christianity. MacCulloch shows how silence has been used to emphasize silence in an unspoken part of the message and how silence enabled God’s message to spread without being spoken. He investigates the meaning and uses of religious silence—how the church instructed silence and how silence transformed the hearing of God’s voice through word and sacrament. It explores the many meanings of silence in history, from the church’s inability to speak and its musical mixture in the Middle Ages to itsToday’s café churches, and the authority of music. SONGS MARRIAGE... 272 PP. 978-0-670-02547-3 $27.95

NEIL MacGREGOR

Shakespeare’s Restless World
A Portrait of an Era in Twenty Objects

In the building-blocks of historical reconstruction, Neil MacGregor has it all. A master of the British museum, writing together as a handbook collaboration with the Royal Scottish Academy of Arts and Letters, he has brought together an array of authors who explore the history of the world in a way that is both engaging and readable. He himself has written extensively on the subject of modern culture and technology, and has been the director of the British Museum since 2002. This collaboration is a brilliant work of historical reconstruction, one that is sure to change the way we think about the world.

DAVID PRIESTLAND

Merchant, Soldier, Sage
A History of the World in Three Centuries

In this sweeping and provocative work, Priestland shows how the world has been divided between commerce and military power since the rise of the nation-state. He argues that the modern world is the result of centuries of conflict between these two forces. Priestland’s sweeping, energetic, and insightful narrative is sure to change the way we think about the world.

NANCY GOLDSTONE

The Maid and the Queen
The Secret History of Joan of Arc

In this richly detailed and well-written biography, Goldstone explores the life of Joan of Arc, a woman whose story has been little known until now. She was a young girl who, at the age of 17, led the French army to victory against the English. Goldstone’s narrative is sure to change the way we think about the world.

DAVID PRIESTLAND

Merchant, Soldier, Sage
A World History of Three Centuries

Flexible, authoritative, and far-reaching, this is a single-threaded account of the three centuries since the Thirty Years’ War. Masterfully weaving together narrative, military strategy, and the personal lives of the men who shaped the modern world, the author’s vast historical knowledge and compelling story-telling technique ensure that this is a drama-driven history of a central period in modern history.

NEIL MACGREGOR

A History of the World in 100 Objects

From the Handcuff to the Credit Card

“Characteristically authoritative, sensuous and wry, Neil MacGregor draws us into a vibrant, varied and often surprising world, seamlessly weaving together history, science and design, art and faith, ideas and objects.”—Observer

NEIL MacGREGOR
Shakespeare’s Restless World
A Portrait of an Era in Twenty Objects
In the halls of power and the boulevards of the era’s capital cities, the restlessness of the restless world is inescapable. The ideas of Shakespeare, Newton, and Voltaire were not simply expressed in the words and actions of the men we call “heroes.” They were new, original, controversial, and seminal to the beliefs that support the workings of the world—ours and those of the future.
Shakespeare’s Restless World • 728 PP. • 978-0-670-02665-4 • $20.00

KENNETH WEISBRODE
Churchill and the King
The wartime Alliance of Winston Churchill and George VI
The “Churchill & King” relationship is generally understood as a partnership of equals. It is now rare to find a book-length biography of this historical partnership. The author explores the careful and often-acute assessment each man made of the other, as the two leaders coped with the chaos and conflict of World War II.
Churchill and the King • 560 PP. • 978-0-670-02339-4 • $20.00
