NEW TITLES - EUROPEAN HISTORY

**André Robert, on Napoleon:**

"Writing by an award-winning historian, this is the first single-volume, fully illustrated biography of Napoleon Bonaparte. Covering the entire length of his life, including his final defeat at Waterloo, this book brings history to life. Close-up portraits, stunning battle maps, and vivid primary-source extracts tell the story of one of history’s most charismatic, controversial, and enigmatic figures.

**A. N. Wilson, on Queen Victoria:**

"Wilson’s [biography of Queen Victoria] may be the best I have read....Not merely a biography, it is an excellent work of history, shedding new light on one of the most recognizable and enigmatic monarchs of all time. Wilson’s biography of Queen Victoria traces her life from her birth in 1819 to the moment she became queen at the age of eighteen—on her own terms, and not in the shadow of her mother’s presence....To dive into Roberts’s new book is to understand—indeed, to live through—the life and times of Napoleon. It is a pleasure to read....To dive into Roberts’s new book is to understand—indeed, to live through—the life and times of Napoleon. It is a huge, rich, deep, witty, humane and unapologetically admiring biography that is a huge, rich, deep, witty, humane and unapologetically admiring biography that is a huge, rich, deep, witty, humane and unapologetically admiring biography that is..."

Christendom Destroyed
Europe 1517–1648
PENGUIN HISTORY OF EUROPE SERIES
A fascinating study of the international and intra-national conflicts, whose divisive changes led to the collapse of Christendom and established the geopolitical and political frameworks of Western Europe as we know it.

“To my knowledge, there is no other equally comprehensive survey of the period that so clearly and coherently brings all the latest scholarship to bear.”—Michael Voris, Downing University

MARK GREENGRASS
’s groundbreaking analysis of a century that marked the end of Christendom and the beginning of the modern world will be a landmark work that will be a...
