LIZZIE COLLINGHAM

THE TASTE OF WAR: World War II and the Battle for Food

This richly detailed history reveals how control of food and its production shaped the events of World War II. Tracing the interaction between food and strategy on both the military and home fronts in Europe and in colonial empires across the globe, this original account connects the broad sweep of history to its intimate impact upon the lives of individuals.

“Every now and again a book comes along that transforms our understanding of a subject that had previously seemed so well-worn and familiar. That is the measure of Lizzie Collingham’s achievement in this outstanding global account of the role played by food (and its absence) during the Second World War. It will now be impossible to think of the war in the old way.”—Richard Overy, Literary Review

“Does much to correct understanding of the causes of armed conflict and mass murder.... Its usefulness is hard to overstate.”—Timothy Snyder, The New York Times Book Review

NORMAN DAVIES

VANISHED KINGDOMS: The Rise and Fall of States and Nations

An evocative account of fourteen European kingdoms—their rise, maturity, and eventual disappearance. Includes a fascinating overview of Prussia that stretches from the Baltic Prusai people to the Teutonic Knights who ruled the region to the Hohenzollerns who would make Prussia into a modern European power. Also of interest for German studies are a chapter on the many kingdoms of Burgundy and a chapter on Rosenau which examines the Duchy of Saxe-Coburg-Gotha and intermarriage with the British royal family.

“An expedition along the byways of European history. It is in part a traveller’s tale, as Davies tours his half-forgotten realms, describing people and landscape, searching for memories and physical remains of these vanished kingdoms. Combined with this are the ruminations of a historian about the states and societies that are this book’s heroes and the reasons why they vanished from the map.”—Dominic Lieven, Financial Times

“Magnificent...unlikely ever to be equalled.”—The Independent (UK).

TONY JUDT with TIMOTHY SNYDER

THINKING THE TWENTIETH CENTURY

A series of luminous conversations between Judt and his friend and fellow historian Timothy Snyder, Thinking the Twentieth Century is the final book of unparalleled historian and indomitable public critic Tony Judt. Where Judt’s masterpiece Postwar redefined the history of modern Europe by uniting the stories of its eastern and western halves, Thinking the Twentieth Century unites the century’s conflicted intellectual history into a single soaring narrative.

“In this marvellous book, two explorers set out on a journey from which only one of them will return. Their unknown land is that often fearsome continent we call the 20th century. Their route is through their own minds and memories. Both travellers are professional historians still tormented by their own unanswered questions.”—The Guardian

**FREDERICK KEMPE**

**BERLIN 1961**

*Kennedy, Khrushchev, and the Most Dangerous Place on Earth*

Based on a wealth of new documents and interviews, Kempe provides a fresh and startling account of the Berlin Crisis of 1961 that culminated in the construction of the Berlin Wall.

"History at its best. Kempe’s book masterfully dissects the Cold War’s strategically most significant East-West confrontation, and in the process significantly enlightens our understanding of the complexity of the Cold War itself.” —Zbigniew Brzezinski, former National Security Advisor

“Takes us to Ground Zero of the Cold War. Reading these pages, you feel as if you are standing at Checkpoint Charlie, amid the brutal tension of a divided Berlin.” —David Ignatius, columnist, *The Washington Post*

**IAN KERSHAW**

**THE END**

*The Defiance and Destruction of Hitler’s Germany, 1944-1945*

From the preeminent Hitler biographer, a fascinating and original exploration of how the Third Reich was willing and able to fight to the bitter end of World War II.

“Kershaw combines vivid accounts of particular human experiences with wise reflections on big interpretive and moral issues...[He] succeeds in clearing away a great many misconceptions, he deploys an impressive amount of evidence about the variety and complexity of public opinion and he brilliantly describes the ghastly fate of many ordinary Germans. No one has written a better account of the human dimensions of Nazi Germany’s end.” —*The New York Times*

“An insightful study of how the Führer held his grip over the German people for so long.” —*The Telegraph* (UK)

**RICHARD OVERY**

**1939**

*Countdown to War*

A brilliantly concise narrative of the days leading to the outbreak of history’s greatest conflagration, 1939 takes readers hour by hour through the nail-biting decisions that determined the fate of millions.

"Easily the best account of Europe’s descent into...death and destruction.” —*The London Evening Standard*

“[An] ingenious and enthralling book. 1939: Countdown to War is short but detailed, and it covers no more than the days from August 24 to September 3—but surely there have been few more extraordinary eleven-day periods in history.” —*The New Republic*

“Exceptionally lucid, concise and authoritative.” —*The Washington Post*

Richard J. Evans

The Coming of the Third Reich

A masterful synthesis of a vast body of scholarly work integrated with important new research and interpretations, Evans’s history restores drama and contingency to the rise to power of Hitler and the Nazis, even as it shows how ready Germany was by the early 1930s for such a takeover to occur.

“Will long remain the definitive English-language account....An impressive achievement.” — The Atlantic Monthly

“An enormous work of synthesis—knowledgeable and reliable, and playing to the author’s strengths as it highlights the interconnections between politics and society.” — Mark Mazower, Columbia University

“The most comprehensive and convincing work so far on the fall of Weimar and Hitler’s rise to power.” — Foreign Affairs

“The generalist reader, it should be emphasized, is well served....The book reads briskly, covers all important areas—social and cultural—and succeeds in its aim of giving voice to the people who lived through the years with which it deals.” — The Denver Post

Richard J. Evans

The Third Reich in Power

The definitive account of Germany’s malign transformation under Hitler’s total rule and the implacable march to war.

“Fluidly narrated, tightly organized and comprehensive, The Third Reich in Power explains, in thematic chapters, how Hitler, after gaining control of the German government in 1933, immediately set about transforming the national economy, purging enemies, reversing the humiliating terms of the Versailles peace treaty and imposing a nationalist-racist ideology on a less than receptive population.” — The New York Times

“Brilliantly conveys how the Führer reignited Germans’ pride as he led them to catastrophe.” — The Observer (UK)

“A rich and detailed description of just what the Third Reich did in every compartment of the state and every corner of society....Magisterial” — The Economist

Penguin • 960 Pages • 978-0-14-303790-3 • $22.00

Richard J. Evans

The Third Reich at War

The final volume in Evans’s masterly trilogy traces the rise and fall of German military might, the mobilization of a “people’s community” to serve a war of conquest, and Hitler’s campaign of racial subjugation and genocide.

“Not only the finest but also the most riveting account of that period. If any work of accurate history has a chance to correct the distortions of public memory, this is it.” — Walter Reich, The New York Times

“It is hard to do justice to the humanity and scholarly range of The Third Reich at War....This is both a masterful historical narrative and the most comprehensive account of Nazi Germany.” — Nicholas Stargardt, The Times Literary Supplement

“A masterpiece of historical scholarship.” — Antony Beevor, The Times (London)

ALINA BRONSKY
THE HOTTEST DISHES OF THE TARTAR CUISINE
Translated by Tim Mohr
From the USSR to Germany, the dysfunctional ties that bind mother, daughter, and grandmother begin to fray in this moving portrait of the devious limits of the will to survive.

STEFAN KIESBYE
YOUR HOUSE IS ON FIRE, YOUR CHILDREN ALL GONE
In the north German marshes of the Teufelsmoor lies the village of Hemmersmoor, a place untouched by time and shrouded in superstition. There is the grand manor house whose occupants despise the villagers, the small pub whose regulars talk of revenants, the old mill no one dares to mention. This is where four young friends come of age—in an atmosphere thick with fear and suspicion. Their innocent games soon bring them face-to-face with the village’s darkest secrets in this eerily dispassionate, astonishingly assured novel, evocative of Stephen King’s classic short story “Children of the Corn” and infused with the spirit of the Brothers Grimm.

SLAVENKA DRAKULIĆ

A GUIDED TOUR THROUGH THE MUSEUM OF COMMUNISM
Fables from a Mouse, a Parrot, a Bear, a Cat, a Mole, a Pig, a Dog, and a Raven

Drakulić, native of Croatia, has emerged as one of the most popular and respected critics of Communism to come out of the former Eastern Bloc. In *A Guided Tour Through the Museum of Communism*, she offers an eight-part exploration of Communism by way of an unusual cast of narrators—including a mole who provides an underground perspective on the Berlin Wall. Together they constitute an Orwellian send-up of absurdities during the final years of European Communism that showcase this author’s tremendous talent.

“In her reconstruction of Berlin, Drakulić wants to say that walls of misunderstanding still separate West and East, but more profoundly that the greatest division, in both East and West, is perhaps between the old and the young. This daring triumph of literary style transforms a receding epoch into the eternal present, beautifully rendering the dilemmas of life under communism as sharp instances of moral tragedy and poignant examples of the limits of self-knowledge.”—Timothy Snyder, *The New Republic*

“A highly engaging and informative work exposing the cruelties and absurdities of both communism and post-communism.”—Paul Kubicek, Oakland University

PHILIP PULLMAN

FAIRY TALES FROM THE BROTHERS GRIMM
A New English Version

Two hundred years ago, Jacob and Wilhelm Grimm published the first volume of *Children’s and Household Tales*. Now, Philip Pullman, one of the most popular authors of our time, makes us fall in love all over again with the immortal tales of the Brothers Grimm. From much-loved stories like “Cinderella” and “Rumpelstiltskin,” “Rapunzel” and “Hansel and Gretel” to lesser-known treasures like “Briar-Rose,” “Thousandfurs,” and “The Girl with No Hands,” Pullman retells his fifty favorites, paying homage to the tales that inspired his unique creative vision—and that continue to cast their spell on the Western imagination.

FREUD’S SISTER
A Novel
Translated by Christina E. Kramer

The award-winning international sensation that poses the question: Was Sigmund Freud responsible for the death of his sister in a Nazi concentration camp? Based on a true story, this searing novel gives haunting voice to Freud’s sister Adolfina—“the sweetest and best of my sisters”—a gifted, sensitive woman who was spurned by her mother and who never married. From her closeness with her brother in childhood, to her love for a fellow student, to her time with Gustav Klimt’s sister in a Vienna psychiatric hospital, to her dream of one day living in Venice and having a family, *Freud’s Sister* imagines the life of a woman lost to the shadows of history with astonishing insight and deep feeling.
