The summer of 1381, ravaged by poverty and oppressed by taxes, the people of England rose up and demanded that their voices be heard. A ragtag army, led by the mysterious Wat Tyler and the visionary preacher John Ball, rose up against the 14-year-old Richard II and his most powerful lords and knights, who risked their property and their lives in a battle to challenge their crown’s demands. This was to be their last stand and the beginning of the end of the Stuarts’ rule. A time of suffering and brutality; a time of glory and defeat. The people, led by Richard II and Wat Tyler, became Europe’s first social revolutionaries, setting in motion a chain of events that would define the course of the modern world. From the birth of the English nation to the birth of democracy, power, and war, this is a story that has been intertwined for much longer than we might think. “—Dan Jones, author of *The Untold Story of Elizabeth and Islam: The Sultan and the Queen*
THEO E. RICKS
Churchill and Orwell: The Fight for Freedom

William Russell, an American professor and author, wrote: “Churchill and Orwell: The Fight for Freedom is a masterful exploration of the lives and legacies of these two giants of modern political thought. It provides a vivid portrait of the intellectual and political landscape of the 20th century, and it is a testament to the enduring relevance of their ideas.”

Domino Lieven
The New World War: War and Revolution, 1914–1923

Domino Lieven, a British historian, writes: “The New World War is a landmark work that provides a comprehensive overview of the complex and often overlooked era of the 1914–1923 period, which saw the end of the Ottoman Empire, the collapse of the Russian tsarist regime, and the rise of the Soviet Union.”

ANDREW PETTIGREE
Brand Luther: How an Unheralded Monk Turned His World Upside Down

Brand Luther, a historian, states: “Brand Luther is a fascinating and well-researched biography that sheds light on the life and legacy of Martin Luther. It provides a fresh perspective on the Great Reformer and his impact on the world.”

Jack Weatherford
Nineteenth-Century America: A History

Jack Weatherford, an American historian, notes: “Nineteenth-Century America is a comprehensive and well-written account of the history of the United States during this transformative period. It provides a nuanced understanding of the social, economic, and political changes that shaped the nation.”

Martin Luther: How He Changed the World

Martin Luther, the German religious reformer, is celebrated in this biography by Jonathan M. Goldsmith. “Martin Luther: How He Changed the World is a compelling and insightful exploration of the life and legacy of Martin Luther. It provides a fresh perspective on his ideas and their impact on the world.”

SEAN MCEWEN
The Ottoman Empire: Rise, Decline, and the Making of the Modern World, 1450-1923

Sean Mcewen, a historian, writes: “The Ottoman Empire: Rise, Decline, and the Making of the Modern World is a comprehensive and well-written account of the history of the Ottoman Empire. It provides a nuanced understanding of the social, economic, and political changes that shaped the empire.”

Alec Rylie
Protestants: The Faith That Made the Modern World

Alec Rylie, a historian, states: “Protestants: The Faith That Made the Modern World is a comprehensive and well-written account of the history of the Protestant faith. It provides a nuanced understanding of the social, economic, and political changes that shaped the faith.”

Maya Jasansky
The Dawn of Capitalism: Joseph Conrad in a Global World

Maya Jasansky, an American historian, observes: “The Dawn of Capitalism: Joseph Conrad in a Global World is a fascinating and well-researched exploration of the life and work of Joseph Conrad. It provides a fresh perspective on his ideas and their impact on literature.”

Thomas Hobbes
Leviathan

Thomas Hobbes, an English philosopher, wrote: “Leviathan is a monumental work that provides a comprehensive and well-written account of the ideas of Thomas Hobbes. It is a testament to his enduring influence on political thought.”

Christopher de Hamel
Maps: A Book of Maps

Christopher de Hamel, a British historian, notes: “Maps: A Book of Maps is a beautifully illustrated work that provides a comprehensive and well-written account of the history of maps. It is a testament to the enduring influence of maps on our understanding of the world.”

Stephen Kotkin
Stalin

Stephen Kotkin, an American historian, states: “Stalin is a comprehensive and well-written account of the life and legacy of Joseph Stalin. It provides a nuanced understanding of the social, economic, and political changes that shaped the Soviet Union.”

TOM SANTON
The Bellinoff Affair

TOM SANTON, an American historian, writes: “The Bellinoff Affair is a gripping and well-researched account of the mysterious death of a British diplomat in 18th-century France.”

Richard Dyer
The Bombardment of Boston

Richard Dyer, an American historian, states: “The Bombardment of Boston is a comprehensive and well-written account of the events leading up to the American Revolution.”

Brian Copenhaver, translator
The Book of Magic

Brian Copenhaver, the translator, writes: “The Book of Magic is a comprehensive and well-written account of the history of magic and its enduring influence on culture.”
